# Problem Statement

Industrial Ideathon 2025

- Businesses struggle with poor infrastructure, complex regulations, limited credit access, high compliance costs, and slow legal processes, making it hard to operate efficiently in a competitive environment.
- There is a need for enriching people's knowledge about startups and help them easily handle the heavy paperwork and legal processes involved in regulating/starting a business.

# Idea/Solution

Industrial Ideathon 2025

- ***SimPriBha is like a “one stop website” for small businesses and startups in Delhi. It helps them as follows:***

1. They get licenses & approvals faster (like GST, shop license, etc.) without running to government offices. It will save there time.
2. They get direct access to government schemes and loans without interacting without middlemen.
3. They will save their time & money with automatic reminders for tax filings and legal deadlines.
4. They will also get AI Agent which helps to guide business tips.
5. Website also has GST Calculator, Tax Calculator and Compliance which help them to reduce stress(Prevents missed deadlines and penalties) and save time and money.

# Other Information

Industrial Ideathon 2025

In a world where innovation moves fast, outdated systems shouldn't hold back new beginnings. Our platform **SimPriBha** empowers aspiring entrepreneurs by offering a seamless online solution for business registration—eliminating the tedious paperwork, long queues, and complex legal hurdles often associated with traditional government processes.

By simplifying every step digitally, we not only make it easier for individuals to turn their business dreams into reality, but we also help reduce bottlenecks and pressure on government departments. This shift to an efficient online system encourages more people to start their ventures, speeds up approvals, and contributes to a more vibrant, self-reliant economy.
